

Contractors Pollution

Renovate, Repair and Paint or R.R.P.

For Certified Lead Contractors

Did you know? **99%**

of CGL policies come with a total pollution exclusion?

Effective April 22, 2010, the Environmental Protection Agency will require that any contractor performing work on a pre-1978 home or child-occupied facility comply with new lead paint-safe regulations. Our contractor's pollution liability coverage program for painters and contractors satisfies the exposure created by this new regulation. Lead poses a pollution risk that should not be overlooked!

Contact one of our experts today, you'll be surprised how much you can save*

*Minimum Premiums: Starting at just \$2500
Limits: Starting at 1 million with higher limits available
