

# Painters Pollution PROGRAM

**FOR CERTIFIED LEAD CONTRACTORS**

Lead, Renovation, Repair,  
and Painting Program

**99%**

of CGL policies come with  
a total pollution exclusion

You'll be surprised  
just how much  
you can save!

Effective April 22, 2010, the Environmental Protection Agency will require that any contractor performing work on a pre-1978 home or child-occupied facility comply with new lead paint-safe regulations. Our contractor's pollution liability coverage program for painters and contractors satisfies the exposure created by this new regulation. Lead poses a pollution risk that should not be overlooked!
