

# Painters Pollution

PROGRAM **R.R.P.**

FOR CERTIFIED LEAD CONTRACTORS

Did you know

**99%**

of CGL policies come with a total pollution exclusion?

You'll be surprised just how much you can save.\*

Effective April 22, 2010, the Environmental Protection Agency will require that any contractor performing work on a pre-1978 home or child-occupied facility comply with new lead paint-safe regulations. Our contractor's pollution liability coverage program for painters and contractors satisfies the exposure created by this new regulation. Lead poses a pollution risk that should not be overlooked!
